PROFESSIONAL SUMMARY

Results-focused Information Technology graduate with a Bachelor of Science in Information Technology. Skilled in IT support, system troubleshooting, administrative tasks, and web development. Experienced in providing technical help and maintaining digital records. Strong problem-solving skills with practical experience in software development, documentation, and office productivity systems.

WORK EXPERIENCE

Government Internship Program (GIP - DOLE)

Aug 11, 2025 - Dec 9, 2025

- Provided administrative and technical support across Human Resources, Administration, Supply Management, and Pharmacy departments, contributing to the efficient daily operations of a government healthcare facility.
- Managed records processing by organizing, scanning, printing, filing, and digitizing official documents, improving document accessibility and streamlining record retrieval.
- Assisted staff with office productivity by preparing reports, encoding data, maintaining organized digital and physical records, and collaborating across departments to support administrative workflows while demonstrating strong organizational, communication, and time management skills.

Digital Business Training Center (OJT)

Jan 26, 2025 - June 30, 2025

- Completed intensive training and evaluation focused on advanced Python programming concepts, including control structures, data handling, modular programming, and problem-solving techniques relevant to software development. Demonstrated proficiency in writing structured Python programs, debugging code, and applying logical reasoning to create solutions for practical business and system-related scenarios.
- Participated in hands-on coding assessments that strengthened foundational knowledge in software development, algorithm design, and automation practices for modern IT environments.

AMA Computer College (Intern, Computer Servicing)

June 2014 - Nov 2014

- Supported digital literacy training sessions by providing hands-on guidance in the use of Microsoft Office applications, including document creation, spreadsheet handling, and presentation preparation for classroom and administrative purposes.
-

EDUCATION

Bachelor of Science in Information Technology

Aug 2021 - July 2025

Filamer Christian University

- Thesis on "FilTracer - A Web-Based Alumni Tracking System in Filamer Christian University"
 - DICT Diagnostic Examination Part 1 Passer (2025)
-
